The Department has well qualified and dedicated faculty members to cater to the needs of budding Engineers. We have been catering communication skills, soft skills, personality development, professional communication etc., for the betterment of the students so as to compete with MNCs and other core companies and industries.

## **ABOUT THE WORKSHOP**

This workshop allows a bench mark for the students of Engineering to mould their career and shape them responsible citizens. This workshop will also pave a good way for the negative attitude persons and thereby transforming them to positive thinkers. This one day hands on training on

**“THE POWER OF POSITIVE THINKING: HOW THOUGHTS CAN CHANGE YOUR LIFE”**

will make the participants spell bound and awestruck by the practical and ground exposure. Total bust, Failure, depression, disillusionment, disappointment, loss of love and affection, loss of faith and happiness are the indispensable stages and the barriers that the human on the earth is destined to cross in order to meet the global challenges and to taste the honey of success having put a lot of effort and undergone many struggles. It is clearly assured, no matter that this is one such programme going to change and enliven the lives of those people who really struggle and face a lot of challenges in day to day lives and it also paves the way for those to overcome their fiasco with the hall mark of success.

The entire session will be nourished by Prof. Andresia Michaeline an eminent Professor who is working and contributing her service in the Department of Mentoring and Counseling Cell.
